

Attorney Docket No: IDF 1595 (4000-04000)

Patent

REMARKS

Applicants have received and reviewed the Examiner's Final Office Action dated June 14, 2004. Applicants have amended claim 1 to incorporate the limitations of 16 which was indicated by the Office Action to be allowable if written in independent form. Applicants have canceled claim 10 and amended claims 11 and 12 to incorporate the limitations of claim 10. Claims 11 and 12 were indicated by the Office Action to be allowable if written in independent form. Applicants have amended claim 13 to include key elements from claim 15 which upon review of the reasons for allowance of claims 27-30 in the Office Action should place claim 13 in allowable form. Applicants have amended claim 14 to incorporate the limitations of previous claim 13, where the Office Action had indicated that claim 14 would be allowable if written in independent form. Applicants have left the remaining elements in claim 15, which combined with amended claim 13 contains all of the elements present when the Office Action indicated that claim 15 would be allowable if rewritten in independent form. Applicants have canceled claims 16-18.

In claims 19-30 indicated to be allowable by the Office Action, applicants have amended claims 21, 28, and 29 to clarify the antecedent basis for the term "application" by replacing the term application with the specific term otherwise in use in the claim in question. Applicant respectfully submits that this amendment only clarifies language and limitations already present and does not narrow the scope of these claims already approved by the Office Action. Applicant has also added claims 31-35 which are each dependent from allowed independent claims.

Conclusion

For these reasons Applicants submit that the present claims as amended are in condition for allowance.

The Commissioner is hereby authorized to charge payment of any further fees associated with any of the foregoing papers submitted herewith, or to credit any overpayment thereof, to Deposit Account No. 21-0765, Sprint.
